

Professor Józef T. Haponiuk

Prof. Józef T. Haponiuk, born 1950, obtained 1980 his PhD title from the Technische Hochschule Leuna Merseburg, Germany. Since 2006 he is the Head of Department of Polymer Technology at the Chemical Faculty of the Gdańsk University of Technology.

His special scientific interest are chemistry, characterization and processing of polyurethanes, recycling of polymers and rubbers, biobased polymers, polymer composites and nanocomposites. J.T. Haponiuk is the author or co-author of over 300 original scientific papers, including 90 published in journals from the Philadelphia list, the creator of 10 patents and 25 patent applications. He actively collaborates with the Mahatma Gandhi University in Kottayam, India and the Lviv Polytechnic. He received the multiple awards and distinctions for his outstanding scientific activity. Professor Józef T. Haponiuk is a highly-regarded academic teacher with rich achievements. He was a supervisor in 12 completed doctoral programs, currently 5 doctoral students remain under his academic supervision.

The Polymers Technology Department achieves very good results under his leadership in scientific and didactic activities, and in this respect belongs to the best departments of the Faculty of Chemistry of the Gdańsk University of Technology.
